

## Overview:

### E/ACGB | Expanse anti-curl grey-back roll-up banner 420gsm

Choose this product for a classic grey back anti-curl banner that offers an impressively smooth surface to showcase your high-impact graphics and deliver vivid prints. With no light show-through, this media helps to ensure that your visuals perform at their best due to the extra polyester film layer. This product is the ideal choice when creating roll-up displays, suspended ceiling banners or for single-sided banners for exhibitions, events and retail promotions.

- Polyester film with PVC coating
- Excellent stay-flat properties
- Smooth high-white finish
- Grey back block out, for no showthrough
- Anti-curl features
- Perfect for retractable roll-up banner stands

## Applications:

This product has been designed for producing display graphics that retain their original shape with no curling at the edges. It works well with retractable roll up banner stands or as a hanging single-sided banner.

## Compatibility:

This product has been tested for use with the following ink technologies;

Latex  
Eco-Solvent  
Solvent  
UV-Curable

Compatible with 4th generation Latex only. L700/800, R1000, R2000, L2700

## Usage and durability:

This product is the ideal choice when creating roll up displays, or for single sided banners for exhibitions, retail displays or suspended ceiling banners

Banner is wound print side out

Temperature resistance -20 to 70°C

We recommend that you always keep this product in its original packaging when not in use
