

Overview:

S/MF1 | Stickybits® transparent mount film 72mic

We're proud of our premium mount film, designed especially for prints requiring permanent self-adhesive performance on smooth surfaces. It works with almost any surface material, including plastics, wood, glass and even metal, giving an impressively flat result. And thanks to the PH-neutral adhesive, mounting projects in galleries, museums and exhibits can be accomplished with confidence and ease.

- Transparent film with transparent adhesive
- PH-neutral and solvent free adhesive construction
- Suitable for long-term use due to permanent nature of the adhesive
- Great for quality mounting projects including galleries and museums

Applications:

A high-quality mounting tape designed for permanent and long-lasting installations

Compatibility:

This product has been tested for use with the following ink technologies;

Usage and durability:

Recommended application temperature 10c
End of use temperature range -40c to 150c

Specifications:
