Overview:

S/OPT | Stickybits® optically clear polyester mount film 12mic

Stickyprints optically clear mount film is one of our very best options for mounting graphics onto clear substrates like acrylic, glass, Plexiglas, Perspex and more. With a clearer visual appearance that ever before, this product is coated with a high-clarity solvent-free and age-resisting permanently-elastic adhesive for longer-lasting results. Protected with a twin polyester release liner, OPT is great for lenticular displays and lightboxes, offering a super-clear protective layer over your display graphics.

- Super-clear polyester, double-sided adhesive film
- Permanent solvent-free acrylic adhesive on both sides
- Twin siliconised clear polyester release liners
- Wet application for optimal results
- PH-neutral system that is no way affected by prints
- Release liner is easily removed
- Very thin and virtually invisible to the naked eye
